

We are excited to announce the launch of the Missouri East Chapter's Mentorship Program. This year, the ASID Missouri East Board has made increasing membership one of the top priorities. We know that in order to achieve this goal, we need to increase membership across all categories. This is where we need your help. The goal of the mentorship program is to make it easier for students to get involved with ASID, as well as providing students with the opportunity to make connections with designers and industry partners, with the end goal of easing their transition into the working world. It is a multi-tiered program, in which designers and students can sign up for whichever level best suits their schedule and availability. The tiers are as follows:

Tier 1: Sponsorship

Although this level requires the least amount of commitment, it gives students who couldn't otherwise afford it the opportunity to join ASID.

- Sponsor student membership (One time \$80 registration fee)

Tier 2: Shadowing

This tier allows students to get a taste of what a day in the life of a designer is like.

- Sponsor student membership (One time \$80 registration fee)
- Invite student to shadow designer for one day

Tier 3: Internship

This tier was developed for students who require an internship as a part of their program or any student who is looking for a semester long position.

- Sponsor student membership (One time \$80 registration fee)
- Commitment to the student for one semester/ term

The deadline to enroll for the program for this year is February 14th. After this date, the mentorship committee will match designers with student applications. We want to thank you for your commitment to ASID and to our student members. In order to sign up, please fill out the attached form and email it to studentrep@moe.asid.org. Please do not hesitate to contact us if you have any questions or concerns.

Thank you,

Madelyn Piccininni
